## WORK

**Fanattic Mobile Application** **Feb. 2022 – Jul. 2024**
*User Experience Designer*
*User Interface Designer*
*User Experience Researcher*

- As the sole contributor, I led the end-to-end design of a mobile platform that connects local musicians with fans, managing everything from user research to high-fidelity prototyping.
    - Conducted in-depth user research and usability testing with 15+ local artists and fans to identify pain points and guide feature development.
    - Designed and iterated high-fidelity prototypes in Figma, applying design thinking to improve usability, flow, and overall experience.
    - Created a full UX case study showcasing research insights, design decisions, and iterative improvements to demonstrate end-to-end process.

**Generation NOW** **Sept. 2025 – Oct. 2025**
*Volunteer UI Designer*

- Partnered with a nonprofit community organization dedicated to building a diverse and inclusive workforce for youth and young professionals in Greater Cincinnati.
    - Redesigned and prototyped web pages and components to align with user experience best practices.
    - Collaborated with the primary stakeholder to meet project goals, documenting progress and design decisions throughout.
    - Implemented UI layout improvements to create visual consistency and streamline developer workload.
